

European Solar and Energy Storage Solutions

Abora solar Liechtenstein

Overview

What makes Abora solar panels different?

Abora has developed and manufactured the solar hybrid panel (PVT) with the most performance in the market. Abora is the manufacturer of the most efficient hybrid solar panel on the market. But what really makes the Abora panel different is that shorter amortization periods are achieved (between 4 and 6 years).

How do I follow Abora solar?

Follow us on Instagram, LinkedIn, Twitter or Facebook: we will share our day to day with you! Discover Abora Solar, the leading Spanish manufacturer of hybrid solar panels. Increase your energy efficiency and save on your bill.

Why should you invest in Abora technology?

For this reason, Abora's technology aims to accelerate the transition towards changing the energy model by betting on a product that, because it is profitable, attracts the market. The Sustainable Development Goals are a call to action to end poverty, protect the planet and ensure peace and prosperity everywhere.
