Battery System Cabinets Enclosures and Racks

Battery cabinets allow you to organize and enclose your battery storage system. Using a battery cabinet is more cost efficient for large battery installations than buying separately boxed batteries, and it reduces exposed cabling.

Battery System Racks

From flooded batteries to sealed, from lead-acid to nickel-cadmium, from vertical to horizontal mounting, a high density, space-saving rack can be provisioned. Exponential Power can size an appropriate battery rack storage system for your application, from heavy duty battery racks to modular battery racks, we have you covered.

Racking Systems

We know batteries. Our engineering staff is highly trained and experienced in dealing with all kinds of battery types and applications. By utilizing various industry methodologies, we can accurately determine the right battery type and technology for your needs. We take all questions and concerns seriously and respond promptly.
