Almaden solar Indonesia

Overview

Who is Changzhou Almaden?

Changzhou Almaden Co.,Ltd. () is the world's largest producer of anti-reflective coated (ARC) glass and ultrathin physically tempered glass, we are leading the way in solar glass industry. Founded in 2006, we have 40M sqm annual capacity of ARC glass and 1500MW annual capacity of glass-glass Solar Modules.

Who is Almaden solar glass coating company?

Almaden is a technology-oriented enterprise. Since its establishment the company has been committed to the research and innovation of solar glass coating technology. The production capacity and sales volume of its main product, anti-reflective coating solar glass, rank the forefront of the industry.

How has Almaden changed the solar industry?

Throughout our journey, almaden has delivered numerous successful projects that have transformed the solar landscape. With an unwavering commitment to excellence and sustainability, we have made a tangible impact on the industry. Here are some of our notable completed projects: 300 MW Solar Park Port Sokhna, Suez Canal Ecozone, Egypt.

Who is Almaden Swiss?

Almaden Swiss is founded in 2018, as a branch office of Changzhou Almaden Co., Ltd. for his market in Europe. Changzhou Almaden Co.,Ltd. () is the world's largest producer of anti-reflective coated (ARC) glass and ultrathin physically tempered glass, we are leading the way in solar glass industry.

What makes Almaden unique?

Almaden is focusing on ultra-thin glass-glass solar module development and is striving to bring the customers the most competitive products with high added value. Specially formulated nano coating solely for photovoltaic applications.

Why is Elite solar expanding its presence in Indonesia?

PV cell and module manufacturer EliTe Solar is expanding its presence in Indonesia to take advantage of the country's high solar potential. The Singapore-headquartered company announced it has successfully commissioned a high-efficiency solar cell production center in Indonesia.
