Are photovoltaic panels on rural roofs a scam

Overview

Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If you've received an offer for "free solar panels," it could be a scam.

Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If you've received an offer for "free solar panels," it could be a scam.

Remind prospective customers that while tax credits, rebates, and incentives might be available for solar purchasers who qualify, offers for "free" or "no cost" solar panels are scams. Are free solar panels a scam?

Know that "free" or "no cost" solar panel offers are scams. The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more. Or check out the Department of Treasury's guidance on clean energy.

Is going solar a scam?

It's likely a scam. While there are some government-funded solar programs for households that qualify, "going solar" isn't free. Honest businesses will tell you exactly how much it'll cost to get and install solar panels. Here's how to steer clear of the scams: Do some research.

Does rooftop solar have a fraud problem?

Rooftop solar has a fraud problem. The industry is working to build back trust
A crew installs a solar array on the roof of a home in Frankfort, Ky., in 2023.
PHILADELPHIA — The solar power industry is booming and that growth helps the world meet its climate goals by replacing fossil fuels.

Why are prosecutors investigating rooftop solar?

Across the country, prosecutors are investigating high-pressure sales tactics

and misleading financing arrangements. Some customers say they were victims of fraud and forgery. This threatens rooftop solar's impressive momentum. Now, some solar companies are working to repair the industry's reputation.

Does the federal government install solar systems in homes for free?

The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more. Or check out the Department of Treasury's guidance on clean energy. Take your time.

Are solar panels free?

As far as actual free solar panels go, there are some small programs in places, like the Solar for All program in Washington D.C., geared toward low-income households that offer modestly-sized solar panel systems for free. Very few homeowners will be able to qualify for these low-income solar programs. How much will solar panels cost you?
