MATRIX is the most advanced electronic Laptop locker on the market. With MATRIX, there is no need for a mechanical lock, which can easily be broken into, or keys that are often lost – the operation is extremely friendly using biometric identification or proximity tags. Each device is stored in a separate locked compartment, which can only be .

Protect as you power up. Our Laptop Locker 5 Door keeps laptops secure and offers dedicated recharging outlets for every unit. The 5-door locker saves space with our stackable design. Mount to wall (flush or recessed) or select an optional 6" base.

LOCKING LAPTOP CABINET: Store and charge 16 electronic devices in our Chromebook charging cabinet! The full enclosure design, key lockable top, and combination lock will keep your Chrome book safe from unauthorized usage. **REMOVABLE DOOR:** This door of this Chromebook charging box can be taken off for easy organization.

We have laptop locker storage options for everyone! Featuring a selection that includes wall mount units for just one locker on up to mobile locker carts, desktop mounts, or laptop charging lockers so you'll never have to see that dreaded "low battery" display. What is a laptop & computer locker?

Laptop & Computer Lockers store and charge laptops, PDAs, cell phones and

tablets securely. With power available to charge multimedia devices and a roll-out workshelf, these fully welded cabinets offer a solution for secure storage. Laptop & Computer Charging Stations are the ideal solution for charging multiple laptops in one convenient cabinet.

Why should you use a laptop locker?

Enjoy a wire-free workspace by charging your devices while they're stored away. Our laptop lockers are supplied with built-in chargers, allowing you to charge your laptops and other devices when not in use. Meaning everything is always fully charged and ready to go.

Do you need a laptop locker?

Laptops are everywhere, combining portability with power so you can work at home, at the office, or halfway across the world. The inherent danger with laptops is if anything bad happens, all your work, photos, and sensitive documents are in the hands of a complete stranger. The best way to combat this is with a laptop locker.

What kind of lock do I need for my laptop?

200 cm vinyl-coated galvanized steel cable protects your laptop Many new laptops, 2-in-1's and tablets now require this mini slot lock, not the T-bar lock. Please check your hardware specification to determine what kind of lock you need.

What is a Smart Charge laptop locker?

D-Tech's SMART Charge laptop lockers offer an intelligent and secure storage, charging and IT asset management solution. They are responsible for safe storage, charging, dispensing, management, usage tracking, and inventory monitoring of valuable IT equipment.

What is a Smart Charge laptop locker kiosk?

The Smart Charge laptop locker kiosk from D-Tech International US is a secure, centralized location for storing and charging devices such as laptops, chromebooks, notebooks, tablets, and mobile phones. It features a steel chassis and intelligent access options, ensuring that only authorized users can gain access to high-value IT equipment.
