Solar energy in Brazil

Estimates indicate that Brazil's energy matrix, in the long run, will have approximately 60 GW. ? Brazil has the fifth greatest solar energy potential of all countries in the world, as it receives excellent levels of sunshine throughout the year, from less sunny areas in the South to the sunniest in the Northeast. This quality generates a

Sunshine Flexible Solar Panels

The Sunshine Flexible Solar range benefit from being thin, light and when fitted to the roof of a caravan or motorhome very aerodynamic. The flexible, unbreakable nature of these solar panels makes them very popular in marine environments where durability under harsh outdoor conditions is a must. Sunshine Flexible Solar range boasts some of the highest efficiency cells in the ...
