Cabo Verde yotta storage

Overview

How much does the Cabo Verde technology park cost?

This move has been financially supported by the African Development Bank. The Cabo Verde Technology Park, based in Praia, Cape Verde, is located less than 2km away from the current NOSi data center, one of the facilities backed by the African Development bank. The park will cover 8 hectares of land and has been estimated to cost US\$36.5 million.

When will Cape Verde's new data center be completed?

Construction on a new data center in Cape Verde is due to be completed by the end of the year. The first phase of construction of the Cabo Verde Technology Park's main buildings is 85 percent complete and should be ready for the end of 2022.

When will Cabo Verde Technology Park be completed?

The first phase of construction of the Cabo Verde Technology Park's main buildings is 85 percent complete and should be ready for the end of 2022. The Cabo Verde Technology Park is part of the country's investment in digital transformation in order to diversify an economy currently dependent on tourism.
