Who is solar green energy (Cambodia)?

Solar Green Energy (Cambodia) Co., Ltd called "SOGÉ", was legally registered in December 2013 to work in Renewable Energy Sector, especially in the Solar Energy field. SOGE sells all kinds of Solar systems such as Solar OFF & ON Grid, Solar Water Pump, Solar Hybrid Solar Back-Up systems, and smart farm systems in the greenhouse.

Does Cambodia have solar power?

Solar power capacity has been on a sharp ascent in Cambodia recently, increasing at a 10% annual rate from less than 1% of national generation capacity, however. Some 400-MW of solar-fueled power capacity is now connected to the national grid, according to the Department of Mines and Energy.

Who is new East solar energy (Cambodia)?

New East Solar Energy (Cambodia) CO., LTD. NE Solar, a global leader in solar cell and panel manufacturing with a total production capacity of 9GW. The factory is strategically located in Phnom Penh, Cambodia, where they boast

respective cell production capabilities.

Why are Cambodians investing in solar energy?

Cambodian households and businesses are also increasingly investing in behind-the-meter (BTM) solar energy systems as they're much easier and faster to deploy and costs are lower than utility grid rates, market analysts highlight. Photovoltaic electricity potential in Cambodia. © 2017 The World Bank, Solar resource data: Solargis.

Can solar power help Cambodia achieve national electrification goals?

Searching for alternative options, Cambodia joins a growing list of national governments who have come around to seeing solar and other distributed, emissions-free renewable energy resources as a cost-effective means of achieving national electrification, as well as national and international climate change and renewable energy, goals.
