Zimbabwe: Solar energy plant to increase its capacity to 25MW

The first grid-connected solar energy farm in Zimbabwe is to increase its capacity from 2MW to 25MW. The project is slated to be completed this week. Independent power producer Centragrid said the 25MW plant will comprise approximately 70,000 solar modules arranged into 10 power blocks, each with a capacity of 2.5MWdc.

Centrosolar Solar Panels

Solar panels earning a Good rating are a safe and solid choice for your solar energy system under most circumstances. These panels are in the average range for most or all technical criteria analyzed, though may offer a shorter-than-average warranty. Good solar equipment is ideal for solar shoppers seeking a bargain for their solar energy system.

Principais fabricantes e empresas de painéis solares no Zimbábue

Solar Canadense Zimbábue. A Canadian Solar Zimbabwe é uma subsidiária da empresa solar global, Canadian Solar Inc.
