

Chint Sanyuan Power Photovoltaic Panel

Overview

How much is CHINT Group selling solar assets to China State Power Investment Corporation?

Power transmission and distribution equipment provider Chint Group yesterday said it will sell installed distributed-generation solar assets with a combined generation capacity of 489 MW to the China State Power Investment Corporation. The value of the transaction is estimated at RMB183 million (US\$28.4 million).

Where is Chint solar power plant located?

The facility covers an area of approximately 4,933,333.3 square meters on a beach in the Oufei Enclosed Area, South Zhejiang Industrial Cluster. It was built with around 1.4 million glass-glass monocrystalline solar modules with a power output of 450 W each provided by Chint's Astronergy unit.

Is Chint partnering with local governments to deploy distributed PV projects?

Power transmission and distribution equipment provider Chint Group today said it has signed investment agreements with local governments to deploy distributed PV projects.

Why should you choose Chint power for a photovoltaic inverter & energy storage converter?

Look at the development with data and prove the strength with performance. Chint power is committed to providing photovoltaic inverter and energy storage converter with excellent performance.

Where is China's largest solar project located?

Built by the Chint Group, the project is currently the largest in China combining PV power generation and fish farming. It is located in Wenzhou, a city with a subtropical maritime monsoon climate in China's Zhejiang province. The 550 MW solar plant. Image: Chint Group.

How much electricity does Chint's Astronergy project generate?

It was built with around 1.4 million glass-glass monocrystalline solar modules with a power output of 450 W each provided by Chint's Astronergy unit. The project combines PV power and fish farming to make better use of the available space in the sea, according to Chint. The plant can generate around 650 million kWh of electricity each year.
