

## European Solar and Energy Storage Solutions

# Chuxiong Villa Solar Power Generation Manufacturer

## Overview

---

Where is Jinko Solar based?

JinkoSolar has recently started construction of a 20GW large-scale solar cell manufacturing base in Chuxiong, Yunnan Province, China, which, once complete, will become the world's largest single cell production plant.

Where are LONGi Solar panels made?

We are committed to being the most valuable solar technology company in the world. LONGi has manufacturing facilities and sales offices in more than 150 countries and regions worldwide, including factories in China, Vietnam and Malaysia. There are also sales offices in the United States, Japan, India, Australia, the United Arab Emirates.

Will Jinko become the third-largest solar cell manufacturer in the world?

That capacity will be enough to propel Jinko to become the third-largest solar cell manufacturer in the world, following Tongwei (40GW) and Aiko (32GW). Phase I of the Chuxiong facility, which will have a cell production capacity of 10GW, is scheduled to be commissioned by April 2021.

What are Shaanxi production facilities?

The Shaanxi production facilities consist of 7 plants: Xi'an wafer plant, Xi'an module plant, Xi'an cell plant in National Aerospace Base, Xi'an cell plant in Gaoling District, and Xi'an and Xianyang module plants, Xi'an and Xianyang cell plant as well as wafer plant.
