### Solar Panels , Best solar panels for your home , compare solar panels

Compare solar panel efficiency, specifications, reputation and price. When comparing solar panel efficiency consumers should remember that the efficiency of the panel is already taken into account when rating the DC kW output of a solar panel. So if two different solar panels are rated at 300 Watts, then all other factors being equal both will produce the same amount of power, ...

### Renewables , Guernsey Electricity

Solar electricity panels, also known as photovoltaics (PV), capture the sun's energy and convert it into electricity that you can use in your home. You'll need a more or less south-facing, unshaded roof or garden area. You'll then need to think about your current electricity demand and what size of system you might need.
