

European Solar and Energy Storage Solutions

Costa Rica elestor bv

Overview

Who is elestor BV?

Elestor BV is a young, fast growing company, active in the development of industrial size storage systems for electricity, based on the hydrogen bromine flow battery principle.

What makes elestor unique?

With its unique system design, Elestor has matured flow battery technology into a robust and highly scalable product, featuring storage costs per kWh far beyond what is achieved by existing storage technologies.

What makes elestor a cutting edge technology company?

“As a cutting edge technology company, we invest significant resources in research and development in order to ensure we remain ahead of rivals in the clean energy storage sphere,” said Guido Dalessi, CEO, Elestor.

Who founded elestor?

Elestor was founded in 2014 by Wiebrand Kout, an experienced scientist. Kout was convinced that he could invent a technological solution to one of society’s greatest challenges, namely climate change. The following year, he was joined by physics graduate and seasoned businessman Guido Dalessi.

Why should you choose elestor?

In the process, Elestor has earned the respect and trust of both policy makers and the general public. Elestor believes a clean and sustainable energy system will soon be at the very core of society.

What's happening at elestor?

This mirrors the current situation at Elestor. During his period as Group CFO of Oranjewoud N.V. (2010-2018) Pijper guided a buy and build strategy that

resulted in a revenue increase from €300m to €2,300m and saw staff numbers rise from 3,000 to 10,500.

Costa Rica elestor bv

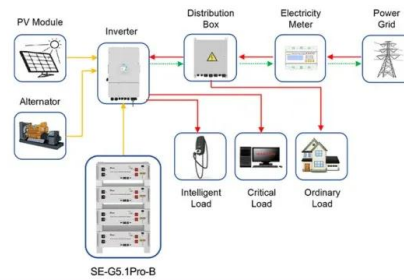

The Elestor solution · Elestor

Elestor both benefits from and contributes to the anticipated green hydrogen infrastructure roll-out. We do this by making sure that our flow battery technology can be integrated directly with future hydrogen gas pipe networks in a manner that eliminates the need for separate hydrogen tanks.

Elestor BV Asset Profile

In August 2022, Elestor BV raised EUR 30 million in venture funding from Equinor, including Invest-NL, EIT InnoEnergy, Enfuro Ventures, Royal Vopak, and Somerset Capital Partners. As of 2022, Guido Dalessi is the CEO of the company.

About Elestor · Elestor

Elestor believes a clean and sustainable energy system will soon be at the very core of society. Large-scale, long-duration and affordable electricity storage will be at the very core of such an energy system, in the form of bi-directional power plants that will replace current plants powered by coal, gas or oil.
