What's new in sunny portal powered by ennexos?

New functions for Sunny Portal powered by ennexOS Supports the exchange of a SUNNY WEBBOX against a SMA Data Manager Energy and power data of existing plants with one or several Sunny WEBBOXes can be transferred from Sunny Portal Classic to Sunny Portal powered by ennexOS when you create a new plant.

Do I need a sunny Portal account to use ennexos?

Until now, it was necessary that users already have a Sunny Portal account before they could be given access to a site. That was complicated. From now on, you can invite new users to the ennexOS platform, both directly during the initial site setup and from the user administration of a site. Introduction of user roles.

How do I navigate Sunny portal powered by ennexos?

Sunny Portal powered by ennexOS has two major navigation patterns. The menu (A) gives you access to different views and configuration options, depending on which level in your portfolio you currently are. The header navigation (B) lets you navigate between the different levels: Portfolio, system groups, systems, sub-systems and devices.

Does ennexos transfer data from smart connected to Sunny portal?

No. All settings such as additional users, reports or settings for Smart Connected will be transferred to the Sunny Portal powered by ennexOS. Energy data over the entire life cycle of the system is also completely transferred. From the time of migration, only the performance curves of the last 60 days are transferred to the ennexOS platform.

Can webbox data be copied in the ennexos portal?

Data of WebBox plants from the Classic Portal can be copied in the ennexOS

portal, if instead of the WebBox a EDMM (and COM GW) is implemented.  
Support of large plants with more than one Data Manager M within one plant:  
The EDMM supports up to 50 devices.

What happens after SMA integrates with ennexos?

After SMA has successfully completed this integration you will be informed with a separate email. From then on, you can access all your installations' data in Sunny Portal powered by ennexOS and enjoy the benefits of one unique professional platform for smart energy management.
