

European Solar and Energy Storage Solutions

Curaçao discover battery

Overview

How will a battery energy storage system benefit Curaçao?

The implementation of a Battery Energy Storage System will allow Curaçao to collect energy from renewable sources such as wind and solar energy and store it using advanced battery storage technologies. This stored energy can be released to mitigate the intermittency of wind power and ensure grid stability.

What is discover battery?

Discover Battery's high value lead-acid and lithium power solutions are engineered and purpose-built with award-winning patented technology and industry-leading power electronics.

Are discover batteries any good?

Discover batteries perform better than any other battery I have used in 47 years as a yacht management company in Newport Beach, California. We have maintained, serviced and replaced thousands of batteries, and Discover has been the easiest to work with.

Will Aqualectra revolutionize energy management in Curaçao by 2030?

As a part of Aqualectra's ongoing efforts to continue improving its services and better serve the people of Curaçao, this agreement aims to fully revolutionize energy management in Curaçao by 2030, ensuring reliable, affordable, and sustainable energy for the island.

Who makes discover Energy Systems lithium batteries?

Discover Energy Systems' industry-leading Lithium Solutions (AES, AES RACKMOUNT, PROFESSIONAL and BLUE) are purposefully built by Discover Energy Systems' North American engineering and manufacturing group. The batteries are also independently certified to the highest safety, performance, and reliability standards.

Are discover lithium batteries good for hybrid inverters?

Discover provides excellent sales and technical support for its products and is a valuable resource for all types of batteries in the battery industry. Discover lithium batteries are the best lithium batteries we tested to work with our hybrid inverters. Great quality! We are very satisfied with the MIXTECH batteries for our automotive fleet.
