Energy Storage Container Bidding Announcement

Overview

How many MW of energy storage projects are there in Canada?

“At Energy Storage Canada we’re excited to see the IESO’s announcement of more than 700 MW of energy storage projects as the next step in Canada’s largest energy storage procurement to date,” said Justin Rangooni, Executive Director, Energy Storage Canada.

What is the IESO's plan for a battery storage facility?

The IESO forecasts electricity demand to increase two per cent annually over the next 20 years. The IESO is offering contracts to seven battery storage facilities located throughout the province, varying in size from 5 MW to 300 MW. These facilities will serve to meet both province-wide and local needs in a number of key locations.

What is the largest battery storage procurement in Canada's history?

TORONTO – The Ontario government has concluded the largest battery storage procurement in Canada’s history and secured the necessary electricity generation to support the province’s growing population and economy through the end of the decade.

Could 1000 MW of energy storage Save Ontario electricity?

A 2020 report commissioned by Energy Storage Canada, *Unlocking Potential: An Economic Valuation of Energy Storage in Ontario*, found that 1000 MW of energy storage in Ontario could provide as much as \$2.7 billion in savings for Ontario electricity customers.

How will a 250 mw Oneida energy storage facility work?

These projects complement the recent agreement for the 250 MW Oneida Energy Storage Facility and conclude the first of two stages within the procurement. Storage facilities charge up during off-peak hours, taking advantage of Ontario’s clean energy supply mix, and inject energy back into

the grid when it is needed most.

What is the deadline for submitting a Phase One Bid?

Interested bidders must submit a phase one offer before being invited to submit a phase two offer. The deadline for submitting the phase one bid is February 28, 2023, at 5 p.m. EPT. Please refer to the Request for Proposal and its appendices for details. Bidders will be notified of their approval to submit a phase two offer on March 31, 2023.
