NeoVolta progresses DOE loan for BESS

The Energy Storage Summit USA is the only place where you are guaranteed to meet all the most important investors, developers, IPPs, RTOs and ISOs, policymakers, utilities, energy buyers, service providers, consultancies and technology providers in one room, to ensure that your deals get done as efficiently as possible.

Australia joins US gov't long-duration energy storage initiative

The Energy Storage Summit USA is the only place where you are guaranteed to meet all the most important investors, developers, IPPs, RTOs and ISOs, policymakers, utilities, energy buyers, service providers, consultancies and technology providers in one room, to ensure that your deals get done as efficiently as possible.

US government launches US\$350 million long

A total of about US\$7 billion support for domestic electric vehicle (EV) and stationary energy storage battery value chains will be paid out through the law. Energy-Storage.news' publisher Solar Media will host the 5th Energy Storage Summit USA, 28-29 March 2023 in Austin, Texas. Featuring a packed programme of panels, presentations and

Upcoming Events Archives

Energy Storage South launches in the next hub of clean energy, battery and EV growth--the U.S. Southeast. Co-located with The Battery Show and Electric & Hybrid Vehicle Technology Expo South, Energy Storage South will feature an expanded focus on the energy storage systems pivotal for H/EV, renewables, commercial buildings, and critical

California seeks energy storage resilient microgrid

Energy-Storage.news' publisher Solar Media will host the 5th Energy Storage Summit USA, 28-29 March 2023 in Austin, Texas. Featuring a packed programme of panels, presentations and fireside chats from industry ...

Augmentation era arrives in the US grid-scale BESS market

The Energy Storage Summit USA is the only place where you are guaranteed to meet all the most important investors, developers, IPPs, RTOs and ISOs, policymakers, utilities, energy buyers, service providers, consultancies and technology providers in one room, to ensure that your deals get done as efficiently as possible.

Hydro-Québec's EVLO to deploy 300MWh of BESS in Virginia

A separate executive had discussed the balance of energy density and safety with us at Solar Media's Energy Storage Summit USA 2024 in Austin, Texas, in March this year. For example, in addition to UL 9540, EVLO deploys a proprietary 'Engineering Validation Plan', which it says tests the entire system in real-life conditions to ensure

Ormat signs seven-year tolls for two ERCOT BESS projects

The two companies have agreed the tolls for the Lower Rio 60MW/120MWh and Bird Dog 60MW/120MWh battery energy storage system (BESS) projects. This article requires Premium Subscription Basic (FREE The Energy Storage Summit USA is the only place where you are guaranteed to meet all the most important investors, developers, IPPs, RTOs and

National Energy Storage Summit

This virtual public summit will convene and

connect national and regional thought leaders across industry, government, communities, and the research enterprise to catalyze solutions and partnerships around specific challenges to America's energy storage.

KORE Power launches 'Made in USA' DC Blocks

Energy-Storage.news' publisher Solar Media will host the 6th Energy Storage Summit USA, 19-20 March 2024 in Austin, Texas. Featuring a packed programme of panels, presentations and fireside chats from industry leaders focusing on accelerating the market for energy storage across the country. For more information, go to the website.

Energy Storage Summit USA

Accelerating the Market for Energy Storage in the USA. Join us for the 7th edition of America's Largest Energy Storage Conference, the perfect platform to connect key industry players across the entire value chain of this buzzing US market.

Agenda

As utilities increasingly adopt energy storage solutions to enhance grid resilience and sustainability, ensuring the safety and cybersecurity of these systems becomes crucial. With rising geopolitical tensions, the focus on safeguarding Battery Energy Storage Systems (BESS) has ...

Energy Storage Summit USA , Energy Global

Accelerating the Market for Energy Storage in the USA. Join us for the 7th edition of America's Largest Energy Storage Conference, the perfect platform to connect key industry players across the entire value chain of this buzzing US market.

Unlocking green hydrogen: A key to America's clean energy future

The Energy Storage Summit USA is the only place where you are guaranteed to meet all the most important investors, developers, IPPs, RTOs and ISOs, policymakers, utilities, energy buyers, service providers, consultancies and technology providers in one room, to ensure that your deals get done as efficiently as possible.

Global news, analysis and opinion on energy storage innovation ...

Long Island Power Authority (LIPA) in New York, US, has finalised contract negotiations for two large-scale BESS projects proposed by Key

Capture Energy. an S& P analyst told Energy-Storage.news. Engie signs offtake contract for long-duration CO2 Battery project in Sardinia, Italy Energy Storage Summit USA 2025. March 26 - March 27, 2025

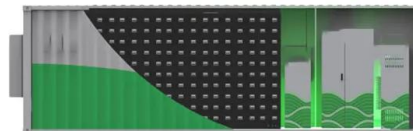

Key Themes 2025

The Energy Storage Summit USA will return for the 7th year to a bigger and better venue, which will make space for new and diverse pieces of content across the two days. We are keen to collaborate with speakers from all walks of life, and encourage diversity within our program as well as our speaker line-up.

Friday Briefing: US industry leaps forward, and community

...

At this week's Energy Storage Summit USA, hosted in Texas by our publisher Solar Media, Department of Energy (DOE) office of policy director Carla Frisch said the US development pipeline has grown 300% since the passing of the IRA. "Before IRA, our national labs were projecting about 50GW of energy storage buildout by 2040.

Cellcube sets up US subsidiary to bring its vanadium ...

The Energy Storage Summit USA is the only place where you are guaranteed to meet all the most important investors, developers, IPPs, RTOs and ISOs, policymakers, utilities, energy buyers,

service providers, consultancies ...

US election '24 and energy storage: Uncertainty and protectionism

Energy Storage Summit USA 2025. 26 March 2025. Austin, Texas. The Energy Storage Summit USA is the only place where you are guaranteed to meet all the most important investors, developers, IPPs, RTOs and ISOs, policymakers, utilities, energy buyers, service providers, consultancies and technology providers in one room, to ensure that your deals
