

European Solar and Energy Storage Solutions

Epever com Tonga

Overview

Who is epever?

Empowering the World with Solar Energy Since 2007, EPEVER has been at the forefront of the solar industry, providing innovative tools for efficient and reliable energy harvesting from the sun. Based in Beijing, we leverage a rich pool of talent to pioneer technologies that make solar power accessible everywhere.

Does epever offer online support?

We provide online support to our clients. Epever enables a helpdesk system for customer support and technical consultation. To extend knowledge about off-grid solar products, EPEVER offers a learning management system (LMS) with several courses related to off-grid energy and solar products.

Does epever offer a warranty?

All EPEVER products, including solar charge controllers, inverters, hybrid inverter-chargers and LED light controllers come with a warranty for a period of 2 years of the manufacturing date. We provide online support to our clients. Epever enables a helpdesk system for customer support and technical consultation.

What is epever & how does it work?

EPEVER products, offers you a life of total independence in your RV or Boat , and also the ability to completely go off the grid with utmost energy efficiency. An integrated portable system used while going off-grid. It allows you to charge your mobile devices and provides you with lights.

How can epever help you?

how can we help you?

Tracer AN Series (50~100A) MPPT Charge Controller

Tracer-AN (50A-100A) series is the largest charge controller series in EPEVER's product range and can take up to 5KW solar panel. For even more power, the user can use PAL-ADP-50N to connect max. 6 units of a controller in parallel for up to 30KW system. The multiple dry contact signals are designed for a diversified application.

KR Series (3500-6000W) Inverter/Charger

The KR Series Inverter/Charger, an off-grid inverter charger, combines state-of-the-art technology with practical applications, making it ideal for residential, school, and health facilities, government buildings, and areas where the electricity is unstable.

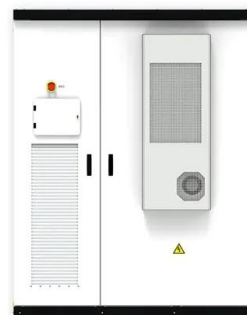

Warranty and after sales - EPEVER Blog

All EPEVER products, including solar charge controllers, Inverters, Hybrid inverter-chargers and LED light controllers come with a warranty for a period of 2 years. EPEVER products are supported by a worldwide sales and distribution network. You must have registered your product on EPEVER product registration portal (under construction).

EPEVER Lithium Batteries: Empowering a Greener and More ...

At the heart of EPEVER's lithium batteries lies the advanced LiFePO₄ cell technology, celebrated for its exceptional stability and prolonged lifespan. These features form the cornerstone of efficient and durable energy output. The use of A-Grade Prismatic Aluminum Shell Cells in these batteries brings several distinctive advantages to the forefront:

About

sun. Based in Beijing, we leverage a rich pool of talent to pioneer technologies that make solar power accessible everywhere.

High power solar station system ,

Therefore EPEVER provides variety of means to monitor the system locally and via cloud. One can use the built-in LCD or use the accessories such MT50/MT75 to locally monitor the station. In addition, most of EPEVER products provide feasibility to work with an external power generator. In cloudy days, or when you have had higher consumption, an

XTRA Series MPPT Solar Charge Controller

EPEVER products are excellent according to my background research! I recently purchased a controller, XTRA4415N and it works very well. From my observations, I could say that the charge controller is intelligent since ...

EPEVER Online Training

EPEVER offers a broad set of cut-edge technology LED drivers commonly used in numerous LED indoor and outdoor lighting applications. We aim to maximize the performance of LED modules, and help reduce complexity and cost of LED lighting projects.
