Corvus Energy

By being the first company to provide a maritime battery with the needed capacity, lowered cost and high safety level, Corvus Energy became pioneers in maritime energy storage systems (ESS) for almost every vessel type. Corvus now has the largest installed base of ESS, with the largest number of projects completed in the maritime industry.

Energy Strategy Implementation Plan

What is the Focus of the Falkland Islands' Energy Transition by 2045? Our focus is on: o providing energy independence and security to meet future demand, by replacing existing infrastructure, such as the aging power station, while o continuing to move away from fossil fuel combustion to cleaner energy sources, by increasing the
