

European Solar and Energy Storage Solutions

Formal photovoltaic panel installation company

Overview

How do I choose a solar panel installation company?

Customer ratings and reviews can provide an abundance of insight into how a company and its employees operate, so be sure to seek out highly rated companies. One final way to determine if a solar panel installation company is the right fit is to see what kind of solar equipment it uses.

Who is the best solar installation company?

We picked Tesla Solar as the best solar installation company for availability, with a score of 4.6 out of five stars. The company was established in 2009 and has its products ready for installation at third-party solar companies across the country. Mobile App?

Free Energy Consultation?

Our pick for best customer satisfaction is Blue Raven Solar.

How many solar installers are there?

Some states have over a thousand solar installers operating in the area, while others only have a few dozen. As more people turn to solar panels for their homes, more solar installation companies are available to meet the demand. The growing number of installers gives you plenty of options but can make finding the right fit feel overwhelming.

How do I find a solar installer?

Shopping around for great products and services is part of the process for finding a solar installer. Some states have over a thousand solar installers operating in the area, while others only have a few dozen. As more people turn to solar panels for their homes, more solar installation companies are available to meet the demand.

Do solar panels have a power purchase agreement?

Power purchase agreement (PPA): The solar company retains system ownership and only charges you for the solar energy you use each month. According to our recent survey of solar customers, 49% chose to pay in full upfront, 23% got a loan, 11% leased, and 17% financed through a PPA. What warranties come with solar panels?

.

Why should I choose a local solar installer?

SolarReviews data, from tens of thousands of reviews of solar companies, shows that local, family-owned solar companies record far higher levels of client satisfaction. This is why we recommend going with a company that's local to your area rather than a nationwide installer. How can I find solar installers near me?
