Free home installation of photovoltaic panels

Overview

How to avoid burning a hole in your pocketbook and protect yourself from consumer scams about free solar panels.

The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested. However, the federal government does not offer any programs for free home solar panel.

Over recent years, solar energy has seen a rise in interest as more Americans learn of its immense cost-saving and carbon-cutting potential. Through our solar office, the U.S. Department of

However, the federal government does not offer any programs for free home solar panel installations nor does the government require companies to grant solar panels for free to customers.

However, the federal government does not offer any programs for free home solar panel installations nor does the government require companies to grant solar panels for free to customers.

The federal government does not provide free solar panels, but does provide incentives that reduce the cost of going solar.

Companies often offer “free” solar panels through leases or power purchase agreements (PPAs), where they install and maintain the panels at no upfront cost.
