

European Solar and Energy Storage Solutions

French Polynesia iqony solutions

Overview

Who is iqony solutions?

Iqony Solutions provides customized responses to the challenges of the energy transition. As a partner for all the issues related to decarbonization and digitalization, we support our customers with engineering expertise.

What does iqony do?

With 85 years of experience in the planning, construction and operation of energy facilities, the company provides holistic solutions for the decarbonization, decentralization and digitalization of the energy supply. Iqony focuses on renewable energies and bridging technologies that can be used in a climate-neutral way now and in the future.

Why should you choose iqony solutions?

As a partner at your side, Iqony supports you with the challenges from the transmission network to the industrial network. Iqony Solutions offers customized solutions for the challenges of the energy transition. As a partner for all topics relating to decarbonization and digitalization, we support our customers with engineering expertise.

How many employees does iqony have?

Around 2,600 employees worldwide implement projects for major industrial companies, utilities, cities and municipalities in numerous countries across the globe. Specializing in tailor-made solutions for complex challenges, Iqony draws on its broad and in-depth knowledge of the energy industry across the full range of technologies and services.

Iqony Solutions , Your Business

We stand for the maximum performance and availability of plants for generating electricity and heat based on our in-house experience and in the most economical manner possible. We are also engineers for energy transition and developing the solutions of the future, including energy grids, storage solutions and on-going digitalisation.

We are Iqony Solutions

Iqony Solutions do Brasil, is a wholly-owned subsidiary of Iqony Solutions GmbH, with approximately 400 employees and with a services portfolio of more than 16 GW in various technologies. We provide solutions in Engineering, Operation and Maintenance and Systems, integrating international standards and our experience of more than 20 years in

Über uns , Iqony

Iqony setzt dabei auf regenerative Energien und Brückentechnologien, die in Zukunft auch klimaneutral eingesetzt werden können. Das Portfolio umfasst neben Solar, Wind, und Geothermie auch Wasserstofflösungen, Speichertechnologien, Engineering-Leistungen und Gaskraftwerke. Iqony Solutions. Internationales Engineering für moderne

- 
Efficient Higher Revenue
 - Max. Efficiency 97.5%
 - Max. PV Input Voltage 600V
 - 100% Peak Output Power
 - 2 MPPT Trackers, 150% DC Input Overvoltage
 - Max. PV Input Current 15A, Compatible with High Power Modules
- 
Intelligent Simple O&M
 - IP66 Protection Degree: support outdoor installation
 - Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
 - DC & AC Type II SPD: prevent lightning damage
 - Battery Reverse Connection Protection
- 
Flexible Abundant Configuration
 - Plug & Play, EPC Switching under 30min
 - Compatible with Lead-acid and Lithium Batteries
 - Max. 6 Units Inverters Parallel
 - AFC Function (Optional): when an ac fault is detected the inverter immediately stops operation
