Minth Group has become one of the world's largest battery housing

Minth Group has become one of the world's largest battery housing suppliers. January 10, 2020 As the New Year dawned, there was good

news from Germany. MEB has officially determined Minth as its designated supplier. Since then, Minth Group has taken off and become one of the world's largest battery housing suppliers.

Sealing of EV Battery Pack Housings

This results in an elastic foam seal that hardens at room temperature on the housing contour. When the battery housing cover is screwed on, the elastic cell structure of the foam seal is compressed. This provides the sealing function of the housing seal- the battery housing is tight and can be installed in the vehicle underbody.
