Sun World Solar System

Earthing components from Sunworld Solar provide a low impedance path for fault currents to flow safely into the ground, thus preventing electrical shocks and damage to equipment. Sun World Solar Systems, 12/399A, Seaport Airport ...

Adapting Agrivoltaics for Solar Mini-Grids in Haiti

The analysis considered typical 100-kW and larger 1-MW mini-grids in towns across Haiti and developed two example agrivoltaic archetypes based on key local inputs, including solar irradiance, production data from the agricultural census, market prices, stakeholder interviews, and existing agrivoltaic research.

Startup Company Bringing Solar Energy to Haiti

A new solar startup is aiming to bring sustainable solar power to Haiti, an island known for its limited access to electricity. In 2016, only 38 percent of Haitians were connected to the electrical grid, according to data from the World Bank. Those who do have electricity still experience frequent blackouts and unreliable power quality.

Partnership Transforms Healthcare in Haiti

SonLight Power has partnered with Haitian Christian Outreach (HCO) on a transformational solar project that will inevitably save precious lives...and resources. HCO helps run Peredo

Community Hospital in southern ...

Solar ReUse

Brighten Haiti screens used solar panels to identify safe and productive systems that can be reused to electrify homes, schools, and hospitals in Haiti. We divert waste to illuminate Haiti. Our network of American solar installers and various solar panel manufacturers help us locate potential modules for our Solar ReUse Program.

Partnership Transforms Healthcare in Haiti

SonLight Power has partnered with Haitian Christian Outreach (HCO) on a transformational solar project that will inevitably save precious lives...and resources. HCO helps run Peredo Community Hospital in southern Haiti.
