ing Kenya's Road To Power

Illumina Africa Ltd. He did his Undergraduate and Master of Engineering in Mechanical Engineering at Trinity Col-lege, University of Cambridge, UK in 2014 and Master of Science in Mechanical Engineering from Massachusetts Institute of Technology (MIT), USA in 2016. His Master's research at MIT focused solely on solar powered low

Illumina pledges US \$20 million in sequencing tech for Africa

This past spring, SARS-CoV-2 positive samples were being sequenced by only a few African institutions to characterize circulating strains. As part of an ongoing commitment to enable genomic capabilities in low- and middle-income regions, Illumina donated US \$1.4 million worth of sequencing systems and related consumables to the African member states, through ...
