Inaccess power factors Austria

Overview

What is Inaccess & power factors?

LONDON, June 17, 2022 /PRNewswire/ -- Inaccess and Power Factors combine and form the largest and most comprehensive provider of digital tools needed to effectively manage large portfolios of renewables. SCADA, PPC, and VPP meet Asset Performance Management.

How will Power factors & Inaccess work together?

The combination of two powerful platforms, with Power Factors' leading asset performance management solutions and Inaccess' best-in-class SCADA, power plant and battery control, and energy marketing offerings, will unlock these new services, along with new potential revenue streams.

What's new at power factors?

The deals adds SCADA, power plant and battery control, and energy marketing offerings to Power Factors' platform, and increases the company's customer asset management portfolio to nearly 200 GW.

Why is power factors partnering with Inaccess?

Such goals require a broad and deep technical stack along with the platform capacity and scale that serves the largest energy producers on the planet. Achieving global scale is one of the many reasons we are excited to join forces with Power Factors," said Christos Georgopoulos, co-founder and CEO of Inaccess.
