Customizable**

### Intersolar North America , Department of Energy

LPO will participate at Intersolar North America and Energy Storage North America focuses on solar, energy storage, and EV charging infrastructure and delivers actionable education, invaluable networking, and an immersive exhibit hall experience.

### Built in America: Transforming the U.S. Clean Energy Supply Chain

In 2023, renewables, including solar, wind and hydropower, accounted for about 25 percent of the electricity generated in America. Closing that gap requires simultaneous progress in multiple areas, including streamlining and speeding interconnection and permitting, expanding transmission capacity, and building a large and skilled workforce.
