Should you consider solar panels for your rental property?

The answer: a resounding yes!.

Can I install solar panels on the roof of a rented home?

In theory, yes. But because installing solar panels is a significant property upgrade, it would require your landlord's permission. Should you add solar panels to a rental property?

Adding solar panels to a rental property can increase its desirability to prospective renters, which may lead to higher rental value. Tenants are attracted to the lower utility costs associated with solar energy, as well as the environmental benefits of using renewable energy.

Are solar panels a good option for renters?

The simple answer for renters who want solar panels for their apartment or house is that it's possible!.

What are the benefits of solar panels on a rental property?

Another benefit of solar panels on a rental property is the increase in property

value. Advanced technology such as solar panels can attract more interest, especially from environmentally-conscious renters.

Can a landlord install a solar panel system?

While you may be able to pitch your landlord to install a rooftop solar panel system, community solar is more likely to be your best bet to enjoy the benefits of solar if you don't own your roof space through incentives like virtual net metering, community solar participants can earn credits back on their electricity bill, saving money every month.

Can you go solar if you rent a house?

If you rent your home and find that you aren't the right fit for community solar, you can still go solar in some other unorthodox ways, but components such as inverters can get expensive. The most straightforward option may be to ask your landlord or the company that owns your building to install panels.

Should you add solar panels to your home?

Adding solar panels will also make their property worth more in the long run; analysis by Zillow shows that homes with solar technology are sold for 4.1% more on average. Furthermore, as solar panels will lower energy bills for future occupants, it will be easier for the landlord to find new tenants after you leave.
