Japan: CATL JV orders Hitachi Energy BESS for grid-scale project

It will install a 12MW/35.8MWh BESS in Matsuyama City, part of Shikoku's Ehime Prefecture. This morning (7 August), technology company Hitachi said it has been selected to provide the Matsuyama project's BESS as well as the digital platform for its control, data acquisition, energy management system (EMS), and monitoring.

Scatec starts operating 1,140MWh co-located BESS in South Africa

Norway-based independent power producer (IPP) Scatec has started operations on three solar-plus-storage projects in South Africa, totalling 1,140MWh of BESS capacity. Located in the Northern Cape province, the Kenhardt project consists of three solar plants and a battery energy storage system (BESS) with a capacity of 225MW/1,140MWh.

Queen Bess Island

Nestled near Grand Isle, Queen Bess Island

stands out as a national treasure! This remarkable location hosts one of the largest brown pelican rookeries in Louisiana, contributing an impressive 15-20% of the state's nesting activity. In 2013 his short film noir "The Dead Man's Number" won a number of awards. He has since worked on

Businesses get enhanced support to reduce their carbon emissions

The Isle of Man Government's 'Business Energy Saving Scheme' has recently relaunched, bringing in a 'number of improvements'. The initiative, which has been renamed the Business Emissions Saving Scheme (BESS), looks to aid businesses seeking to make positive changes through making their operations more energy efficient, reducing

Isle of Man - Wikipedia

Die Isle of Man [ˈaɪləvˈmæn] (früher auch Isle of Mann; deutsch Insel Man, manx-gälisch Ellan Vannin [ˈʲlʲʲn ˈvanʲn] oder kurz Mannin [ˈmanʲn]) ist eine Insel in der Irischen See. Sie ist als autonomer Kronbesitz (englisch Crown dependency, Manx Croghaneyn-crooin) direkt der britischen Krone unterstellt, jedoch weder Teil des Vereinigten Königreichs noch Britisches ...

MAN BESS

MAN energy management system MAN BESS is equipped with an energy management system (EMS) that monitors, controls and optimizes the

energy storage system. The EMS controls services such as frequency regulation, spinning reserve or renew-ables smoothing. It also integrates the MAN BESS with renewables and thermal power plants into hybrid

Caterpillar launches integrated BESS solution Cat ESS

Caterpillar's new suite of products includes Cat power grid stabilisation (PGS) and energy time shift (ETS) modules with optional energy capacity expansion (ECE) modules. PGS provides reserve power reserve power to allow the shutdown of one or more generator sets, while ETS is geared towards time shifting generation.

Cat® Battery Energy Storage Systems , Cat , Caterpillar

Expand your energy capacity and power resiliency with the Cat® Battery Energy Storage System (BESS). A new suite of commercially available battery technologies boosts power reliability, quality, and flexibility, and helps renewable energy source integration and energy

savings.
