Jersey solar panel yojana

Overview

What do people in Jersey think about solar farms?

Jersey Electricity (JE) is asking people in St Mary what they think about proposals for two solar farms. The solar farms would produce enough energy to power nearly 1,200 homes in Jersey, said JE. Land earmarked for the siting of the panels would continue to be used for grazing and growing crops, it said.

How many homes can a solar farm power in Jersey?

The solar farms would produce enough energy to power nearly 1,200 homes in Jersey, said JE. Land earmarked for the siting of the panels would continue to be used for grazing and growing crops, it said. The company is holding a community consultation from 10:00 to 20:00 BST at St Mary's Parish Hall where people can view the site plans.

Why is solar important in Jersey?

Solar is a vital component of modern homes in Jersey, contributing to the state's renewable energy and energy management. For those focused on the bottom line, solar serves as a safeguard against rising grid electricity costs.

Who is SolarEdge?

SolarEdge is an industry leader and is at the core of SunWorks' product offering. SunWorks is the only trusted installer located in Jersey listed on the SolarEdge website. Find out more about SolarEdge and their unique, cutting-edge solar technology.

Why should you choose SunWorks Solar panels?

SunWorks Solar panels are a great choice for several reasons. As utility energy prices rise, the savings from using SunWorks Solar panels become even more significant. They offer a select range of specialist solar products suitable for almost any roof type. Their solar panels come from reputable brands with

robust warranties that extend up to 25 years.

Should a solar farm be built in St Clement?

Planning approval has been granted for a solar farm in St Clement and an application has been submitted for a site at Sorel. The National Trust objected to the Sorel site on the grounds that it would have a "substantial adverse effect" on the area.
