Latest news on JA Solar panels

Overview

Who is JA Solar?

JA Solar is a manufacturer of high-performance photovoltaic products. With multiple manufacturing bases and 13 sales subsidiaries around the world, the company's business covers silicon wafers, cells, modules and PV power stations. JA Solar products are available in 165 countries and regions.

Is JA Solar a bankable company?

JA Solar has retained its AAA ranking in PV Tech's latest PV ModuleTech bankability report for Q4 2023, reflecting the company's status in areas including manufacturing, shipments, capacity and technology layout and financial performance.

Is JA Solar a good brand?

JA Solar has consistently achieved recognition as a Top PV Brand by EUPD Research in Europe, the Middle East and North Africa, Latin America, Southeast Asia and Africa and has been recognized as a "Top Performer" by PVEL and "Overall Highest Achiever" by RETC for eight and four consecutive years respectively.

Why did JA Solar get a RETC rating?

This prestigious accolade marks the fifth consecutive year that JA Solar has been honored in RETC's annual rankings. The RETC PV Module Index is a comprehensive evaluation that assesses the performance, reliability, and quality of PV modules from top manufacturers worldwide.

Why should you choose JA Solar?

Located in the Atacama Desert, the driest nonpolar desert in the world, the project places exceptionally high demands on the reliability of the PV modules. Recognized for its superior product reliability and extensive experience in supplying PV projects in desert environments, JA Solar has been

selected to provide all the modules for this project.

Who are JA Solar & Trina & qcells?

The Ministry of Defence listed JA Solar, Trina and Qcells as the solar panel suppliers in response to a BBC Freedom of Information request. A report in July this year by the UK's Sheffield Hallam University flags the three companies as having "very high" exposure to production in Xinjiang.
