Lesotho battery container box

Overview

What is a lithium battery shipping box?

The lithium battery shipping boxes are suitable for non-certified batteries, prototypes, battery cells, battery modules and batteries in equipment. For increased part protection, the batteries are stored in layers using customised interior packaging solutions that are developed to safely hold dangerous goods.

Do you need a shipping box for lithium batteries?

UN certified containers for transporting and storing lithium batteries are needed to comply with the regulations. ORBIS' lithium battery shipping boxes fully hold and protect the batteries from damage or shocks of any kind. That includes isolating loose cables and poles.

What is a ionpak battery container used for?

The ORBIS IonPak lithium battery container is suitable to transport non-certified batteries, prototypes, battery modules as well as batteries in equipment. What is a UN certification for packaging?
