New Zealand: Electrical Outlets

& Power Plugs

The point is; New Zealand has Type I (i) power plugs with 230/240v AC 50Hz, so if your appliances don't fit the electrical outlets and/or require a different voltage or frequency, then you're going to need a travel adapter and maybe even a convertor. Makes sense? If not, this in-depth guide on the New Zealand electrical outlet will make it so.

It's all about the confidence

Lynx Australia and Lynx New Zealand give you the self confidence to take on any challenge. Strategy. Invaluable in-market learnings on our 3 min social video guided the development of finely tuned 30" and 15" video. The scenes that provided the strongest resonance with our audience, were kept. The rest was left behind as we cut-down the
