### **The Positive and Negative Environmental Impacts of Solar Panels**

This data includes manufacturing of the module, frame and balance of system components. Multi-crystalline solar panels have an energy payback period of just 2 years. Another favourable ...

### **A Forest of Lines: An Interview with Pierre Huyghe**

The lyrics start: Turn your back on the forest of lines, leave the Opera House behind, then pass the bridge, past Luna Park and take the 1 and A1... It's an oral map that the narrator delivers.

...
