

European Solar and Energy Storage Solutions

Magna energy storage a s Brazil

Overview

Who is Magna fuel tank?

Magna is an independent, global leader in the automotive sector, and a key partner for a wide range of OEMs. We have decades of experience producing fuel tank systems at high volumes, and we make sure our customers get the benefit of that experience.

What makes Magna a great tank mounting system?

Magna has developed a sophisticated mounting system that makes the most of the available tank space. Our new solution requires a fraction of the number of parts used in traditional systems, and removes the need for L-shaped brackets, rubber supports and straps.

Does Magna manufacture fuel tank caps?

As well as fuel tank systems, Magna also develops and manufactures the associated caps and components. Our range encompasses filler, urea, oil and radiator caps. Our reliable products meet the toughest safety and environmental standards, at the same time as providing maximum ease-of-use for the driver.

Magna energy storage a s Brazil

Energy Storage Systems

Our experts in Compressed Hydrogen Storage Systems (CHSS) and Liquid Hydrogen Storage Systems (LHSS) are preparing for whatever the future brings. Lightweight CNG Storage Systems Running vehicles on Compressed Natural Gas (CNG) is a quick, cost-effective alternative to gasoline or diesel that can help manufacturers comply with the European
