Overview

What is moment energy doing with Hydro Ottawa & BluWave-AI?

Moment Energy Announces Collaboration with Hydro Ottawa and BluWave-ai
Moment Energy announces its first end-to-end integration with Hydro Ottawa Limited and BluWave-ai to bring intelligent distributed energy resource management system capability to the distribution grid.

What is moment energy's BESS program?

The deployment is part of the B.C. government's Integrated Marketplace program, which is creating jobs and giving companies across the province a competitive edge in cleantech. Then there's Saskatchewan Renewable Energy Solutions, which is in the process of identifying projects that can benefit from Moment Energy's BESS products.

Is moment energy a 'unicorn'?

When four Simon Fraser University students co-founded Moment Energy in 2020, the Global Cleantech 100 list included future "unicorns" — companies with valuations exceeding \$1 billion — such as the Farmers Business Network, Redwood Materials, Spiber, and WeRide.

Can moment energy's flora Bess fast-charge EV fleets?

Vancouver International Airport, for instance, is deploying Moment Energy's Flora BESS to fast-charge its EV fleet, especially in areas lacking electrical infrastructure or experiencing excessive peak-demand loads.
