### QatarEnergy expands Namibia upstream footprint

5 ???· I would like to take this opportunity to thank the Namibian authorities and our partners for their support." Block 2813B (PEL0090) lies about 200 kilometres offshore Namibia and approximately 70 kilometres north of QatarEnergy's Venus discovery. The License covers an area of 5,433 km<sup>2</sup>, in water depth of 2,400 to 3,300 metres.

### Press Releases , Quaise Energy

Quaise Energy Appoints Dr. Geoffrey Garrison as Vice President of Operations and Dr. Trenton Cladouhos as Vice President of Geothermal Resource Development. Read More. Press Release Jun. 8, 2022. Quaise Energy Expands Series A to \$ 52M to Unlock Terawatt-Scale Geothermal Energy. Business Wire.

### Millimeter Wave Drilling: The Key to Clean Energy Abundance

At Quaise, we look at the big picture to see where the world is and where it needs to go. Today, fossil fuels still dominate global energy by a long shot. A smoother transition to clean energy requires a bold new vision grounded in science, scale, and speed. Join us as we explore the future of energy and the power of deep geothermal.

## QatarEnergy Expands Offshore Holdings in Namibia with ...

4 ???· QatarEnergy recently inked a deal with TotalEnergies to expand its stake in offshore exploration blocks in Namibia's Orange Basin. On Sunday, QatarEnergy made the announcement, revealing an increased stake of 5.25% in block 2913B, leading to a total stake of 35.25%. In parallel, their stake in block 2912 has been boosted by 4.695%, taking it to 33.025%..

## Quaise Energy , Clean Power Needs a Firm Footing

At Quaise, we look at the big picture to see where the world is and where it needs to go. Today, fossil fuels still dominate global energy by a long shot. A smoother transition to clean energy requires a bold new vision grounded in science, scale, and speed. Join us as we explore the future of energy and the power of deep geothermal.

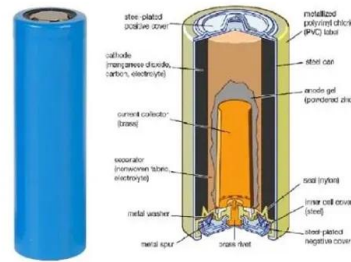

## Quaise Energy pilots deep geothermal to decarbonise gold mine

Carlos Araque, president and CEO of Quaise Energy highlighted in a company statement that deep geothermal has superior power density and can compete with fossil fuels on cost while eliminating carbon emissions by producing as much as 10x more power per well than traditional geothermal. Quaise Energy's solution

## Quaise, Partners to Retrofit Fossil Fuel Plant for Deep Geothermal

Quaise Energy Inc. and a joint venture between

Barrick and Newmont Corp.--Nevada Gold Mines (NGM)--are working together to use geothermal heat for on-site power generation at NGM's TS Power Plant, the companies said Dec. 3.. Nevada Gold Mines is in the process of modifying the TS plant to use cleaner natural gas as a fuel source, the ...

## QatarEnergy ups stakes in Namibia offshore blocks , AGBI

QatarEnergy has signed an agreement with France's TotalEnergies to acquire additional stakes in two exploration blocks in the Orange Basin, off Namibia. The state-backed gas giant will acquire an additional 5.25 percent interest in block 2913B and another 4.7 percent interest in block 2912.

## Quaise and Nevada Gold Mines partner on deep geothermal pilot ...

Quaise Energy, Inc. and the Barrick-operated Nevada Gold Mines (NGM), a joint venture with Newmont Corp., are exploring additional decarbonisation of NGM's TS Power Plant by using geothermal heat from NGM's land and subsurface holdings to hybridise on-site power generation. NGM recently

## QatarEnergy Expands Offshore Presence in Namibia

QatarEnergy strengthens its portfolio with increased stakes in two Orange Basin offshore blocks in Namibia through a new agreement with

TotalEnergies. In a new deal, QatarEnergy will secure an additional 5.25% stake in block 2913B and 4.7% in block 2912.
