New Zealand supreme energy group

Overview

Smith v Fonterra Co-Operative Group Ltd [2024] NZSC 5 is a landmark New Zealand tort law case, concerning liability of major fossil fuel polluters for climate damage. The NZ Supreme Court held that polluting companies could be liable in tort to pay damages from global warming and rising sea levels to people whose.

Michael John Smith stated that he was of and descent, and was the climate change spokesman for the . He claimed customary interests in lands and other resources situated in or around.

High CourtThe High Court of New Zealand Auckland Registry dismissed first two claims but not the third. It held that there was no case of public nuisance and no negligence, but potentially a duty to cease contributing to climate damage. Wylie J.

- .
- (2015) Case No. 2 O 285/15 duty of power company in tort to compensate for climate damage
- (20 December 2019) duty of state to cut emissions in line with Paris Agreement and right to life .

Smith v Fonterra: A Common Law Climate Litigation Breakthrough

Litigation against major corporate greenhouse gas (GHG) emitters has proven extremely tough. Even as successful cases against governments have blossomed, private suits face significant barriers. A civil law breakthrough came in 2021, with the ruling of a Dutch court against Shell. In Smith v Fonterra, decided by New Zealand's Supreme Court this week, we ...

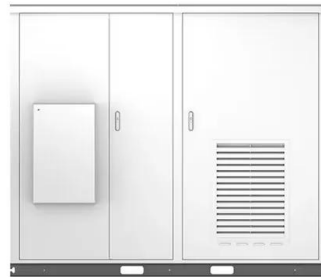

Iwi leader Mike Smith gets his day in court against seven major

Iwi leader Mike Smith has won the right to sue seven big polluters for their role in causing climate change, in a Supreme Court ruling delivered this morning. The Supreme Court reinstated Smith's case, after it was earlier thrown out by the Court of Appeal on the basis there was no reasonable basis for argument.

respondents. Each is a New Zealand company said to be involved in an industry that either emits greenhouse gases (GHGs) or supplies products which release GHGs when burned.¹ Mr

Smith alleges that the respondents have contributed materially to the climate crisis and have damaged, and will continue to damage, his whenua and moana,

Smith v. Fonterra Co-Operative Group Limited

Michael John Smith (Ngāpuhi, Ngāti Kahu), climate change spokesperson for the Iwi Chairs' Forum, a Māori development platform, filed a case against seven high-emitting New Zealand companies in the agriculture and energy sectors, including the dairy farming conglomerate Fonterra, oil refinery NZ Refining Company, and petrol seller Z Energy.

One of NZ's most contentious climate cases is moving forward.

By allowing a case against local greenhouse gas emitters to go ahead, the Supreme Court of New Zealand has opened the door to a new front in climate law - one that takes tikanga Māori into
