

European Solar and Energy Storage Solutions

New solar companies Rwanda

Overview

Is there a market for solar energy in Rwanda?

Only few companies in Rwanda are active in the field of solar energy. They focus mainly on the market for larger systems for public institutions, e.g. hospitals, schools etc through public tenders. In addition they and others are also trying to sell solar home systems but the market for solar lanterns and small home systems is still in its infancy.

How many solar home systems are there in Rwanda?

Approximately 50,000 solar home systems have been installed in Rwanda over the last 3 years.

Is Rwanda a significant source of solar energy?

Rwanda has a moderate source of solar energy, with an average solar radiation of 4 – 6 kWh per square meter per day. It has had a useful experience with the 250 kW Kigali solar project and solar water heaters. However, Rwanda's energy mix is currently dominated by biomass, which accounts for about 85% of primary energy use.

How many Rwandans are accessing electricity through off-grid solutions?

As a result, today, 14% of Rwandan households are accessing electricity through off-grid solution, mostly solar home systems.

When will Rwanda Energy access & quality improvement projects (eaqip) funds be available?

It was established in 2017 and is still on going up to 30 th September 2023. The Rwanda Energy Access and Quality Improvement Projects (EAQIP) funds under Window 5 was launched on 2 nd October 2020 will be available until 31 st December 2026.

New solar companies Rwanda

Home

We are an EPC company based in Kigali, Rwanda, since 2005. We specialize in on-grid and off-grid solar energy systems, electrical installations and energy audits. For the past decade, we have immersed ourselves in understanding and solving the energy challenges of those in East Africa.

Solar - EPD Website

In a move to increase Solar Home System (SHS) installations and electrification of households in rural areas of Rwanda, the Renewable Energy Fund (REF) and Rwanda Energy Access and Quality Improvement Project (EAQIP) off-grid component implemented by the Development Bank of Rwanda Plc. have launched a Results-based Financing (RBF) subsidy
