North Macedonia ag solar urja udyog

Overview

Where in Macedonia is a solar park being built?

One of the two facilities has a capacity of 85 MW and is being planned by Renewable Power International in the municipality of Karbinci, in the eastern part of North Macedonia. The second solar park is planned to have a capacity of 70 MW and to be located in Pechevo, which is also in eastern North Macedonia. Its developer is Hek Solar MK.

How many photovoltaic projects are in North Macedonia?

The government of North Macedonia has granted strategic investment status to two photovoltaic projects with a combined capacity of 155 MW. One of the two facilities has a capacity of 85 MW and is being planned by Renewable Power International in the municipality of Karbinci, in the eastern part of North Macedonia.

Does North Macedonia support solar?

North Macedonia is currently supporting large scale solar through a series of tenders. The most recent one was launched by the Ministry of Economy in July. Other solar tenders were previously held in the country by the state-owned electric company Elektrani na Severna Makedonija (ESM).

How much does a solar project cost in North Macedonia?

Its developer is Hek Solar MK. The government said the first project is expected to require an investment of €63 million and the second around €53 million, without disclosing further details. North Macedonia is currently supporting large scale solar through a series of tenders. The most recent one was launched by the Ministry of Economy in July.

How will a new solar plant help Macedonia?

Andi Aranitasi, EBRD Head of North Macedonia, said: "The new solar plant will help the country, which faces severe air pollution from coal, to reduce its

reliance on ageing coal-fired infrastructure. It will also generate cheap electricity in times of very high market prices.

Who built the first solar plant in North Macedonia?

The 10MW solar plant, built on the site of the spent Oslomej lignite coal mine, was constructed by the public company JSC Elektrani na Severna Makedonija (ESM). This is the company's first solar plant in North Macedonia, developed with a view to diversifying energy sources and supporting decarbonisation.
