Islands Erin McKee formally launched today a new initiative with the government and private sector to advance the development of PNG's creative industry sector as a major contributor to the country's economic growth.

PNG's economy 2023 - past, present and future prospects

Papua New Guinea enjoyed 15 years of almost uninterrupted, if fluctuating, economic growth from 2003 until 2017. Since 2016 growth has been subdued, erratic and, for 2018 (with a major earthquake) and 2020, with the Covid19 pandemic, negative, with non-mining growth sluggish since 2015. Formal sector employment has been subdued.
