Penghui energy Portugal

Overview

How much money is invested in Penghui energy storage battery project?

The total investment of Penghui energy storage battery project is about 6 billion yuan, and it will invest in the construction of 20GWh energy storage battery project with an annual output of 10GWh in the first phase, and the planned land area is 282 mu.

What is the energy storage battery project of Quzhou Penghui?

On the morning of October 17, 2022, the energy storage battery project of Quzhou Penghui Energy Technology Co., Ltd. was officially started, marking that the energy storage project of Penghui has entered the implementation stage, and the lithium electric material industry of new energy in Quzhou has added new forces.

What's new in Quzhou & Penghui?

Phase I project capacity increased from 5GWh to 10GWh, as the first chemical energy storage project in Quzhou, standing at the tuyre of "double carbon", at the critical moment of creating the marginal central city of four provinces, Quzhou likes Penghui, and Penghui likes Quzhou.
