# Photovoltaic solar panel advertising picture

## Overview

---

Can solar panels be used as advertising billboards?

It replicates high-definition images that can help to improve the aesthetics of solar arrays or turn PV facades into advertising billboards. Italian startup Sunspeker has developed a customizable, fully recyclable sticker to wrap photovoltaic panels.

Are solar panels advertising space?

“Every solar panel is potentially an advertising space with Sunspeker’s sticker.” The company says the stickers can replicate high-definition images while remaining permeable to light. This reportedly ensures that the modules retain between 80% and 90% of their efficiency.

Can a new adhesive film display media advertising on solar panels?

Swiss startup PV-Print has developed a new adhesive film that can display media advertising on solar panels. It said that its new “PVP-foil” product makes building-integrated photovoltaics (BIPV) more aesthetically appealing. It can also create additional revenue streams for PV owner, by using its PV panels for advertisements.

Can a new adhesive film make solar panels more aesthetically appealing?

A Swiss company has developed adhesive film that can be applied on solar panels to make them more aesthetically appealing. The film reduces electricity production by between 10% and 30%, but income from advertising could offset such losses. Swiss startup PV-Print has developed a new adhesive film that can display media advertising on solar panels.

Can a solar sticker be used to cover solar panels?

An Italian startup has created a fully recyclable sticker that can be used to cover solar panels on rooftops or facades. It replicates high-definition images that can help to improve the aesthetics of solar arrays or turn PV facades into

advertising billboards.

Can a sticker wrap photovoltaic panels?

Italian startup Sunspeker has developed a customizable, fully recyclable sticker to wrap photovoltaic panels. The company recently secured €115,000 (\$ 120.950) in funding from Italian state-run investment bank Cassa Depositi e Prestiti (CDP) to bring its new technology to market.
