

European Solar and Energy Storage Solutions

Photovoltaic support repair

Overview

What services does wells solar offer?

Wells Solar offers professional solar panel maintenance and repair services to fix your solar woes and get your system up and producing once more. We can help with solar system inspections, solar panel repair, solar panel replacement, removals, re-installations, electrical shorting repair, arc fault repair, and more.

Should I replace or replace my solar panels?

However, if panels or glass are broken, you are better off replacing them. While new glass can be applied, replacing them with new modules is cheaper in the long run. In the end, regularly maintaining and cleaning your panels is the best way to prevent most damage in the first place.

How does SMA meet the challenges of a photovoltaic market?

SMA meets the challenges of an always changing photovoltaic market by offering an enhanced extended service warranty concept, providing even more coverage and support for our valued partners.
