

Portugal byd home battery

Portugal byd home battery

Using Atto 3 to power home during power outage? : r/BYD

The battery will run the house in this mode for at least a week as it uses only a small amount of the battery no more noisy generators. I'm waiting for a cheaper home battery (sodium instead of lithium). It will come soon and when it does we'll sort out the house properly, probably sorting out for the car to top up the home battery.

How to install solar panels in Portugal

The prices for surplus solar energy range between 4 cent and 8 cent in Portugal. It does not really compensate the investment. So you should only install the solar panel system based on you own consumptions needs. It ...
