Portugal lifted weight storage

Overview

The main authority dealing with issues regarding occupational safety and health in Portugal is the Working Conditions Authority (Autoridade para as Condições do Trabalho (ACT)) ACT acts both as public information organ on the policies and regulations on occupational health and risks and as controlling unit.

As as an employer you have full responsibility for ensuring the safety and health of your workers, this includes protecting them from ergonomic risks from manual handling operations. It is the employer's duty to do.

As one of the few EU countries Portugal has also incorporated weight limits into legislation. The legal weight limits for manual handling in Portugal are: 1. A maximum of 30 kg for.

Unfortunately we haven't been able to find any manual handling specific ergonomic risk assessment tools or sheets to fill out for employers in Portugal. On ACT's website they do refer to.

ACT has published a practical guide for the manual handling of loads, *Movimentação manual de cargas. Guias práticos*, where they go through the risk factors of manual handling and ergonomic lifting principles in an easy.
