Equatorial Guinea: Gas-to-Power Potential Grows

For Equatorial Guinea, which enjoys a strategic position in the Gulf of Guinea, gas-to-power offers the potential to anchor the development of a regional power economy. Given its current energy output and relatively small population of 1.4 million, the country has been able to meet domestic energy demand with self-produced power to date.

Equatorial Guinea , PPT

Equatorial Guinea is a small country located in Central Africa between Cameroon and Gabon. It has a population of around 676,273 and its capital and largest city is Malabo. Equatorial Guinea gained independence from Spain in 1968 and is currently a republic whose president is Teodoro Obiang Nguema Mbasogo, who has been in power since 1979.
