QUIXOTIC SYSTEMS, INC.

Quixotic Systems designs and engineers innovative solar energy systems for residential, commercial and non-profit clients. We thoroughly analyze a client's energy portfolio and their building's infrastructure to determine what type of system is best: solar heating, solar hot water, solar electric and/or small wind.

News Archives

NEW YORK, May 7, 2019 ...Quixotic Systems Inc. has completed a 546-kilowatt (kW) commercial solar power system for Conca D'Oro Importers LLC, a national distributor of specialty Italian foods and beverages based in Totowa, N.J. The rooftop solar system, which will provide clean energy for the distributor's warehousing, refrigeration and operations, will pay for itself in three years and

PROJECTS

For buildings with south-facing walls, Quixotic Systems can work around the challenge of limited roof space by designing building-integrated systems. The innovative system to the right, the first of its kind in The Bronx, was named one of the five best commercial systems in the country by Sunpower for the year it was

built.

George M. Engelbrecht

He has sold over 400 solar residential and small commercial projects in NY and NJ. Prior to joining Quixotic Systems, he worked as Marketing and Residential Sales Manager for GeoPeak Solar in Somerset, New Jersey, building their lead generation and residential program.
