Cocos Keeling Islands Visitor Centre

If going with the flow is how you roll, you will love the Cocos Keeling Islands. They have a small - very small - country town vibe. Your activities revolve around the exquisite lagoon whether they be snorkelling, diving, fishing, parasailing, or just relaxing under a coconut palm reading a book while inhaling the frangipani infused air

Report 6

The Council made identical recommendations in respect of both the Cocos (Keeling) Islands and Christmas Island. It noted that permanent residents of Australia and Australian citizens were entitled, in some situations, to seek the protection, by an appeal to the Administrative Appeals Tribunal ('AAT'), against orders for their

deportation from Australia under the Migration Act 1958.

Regli Energy Systems AG

Regli Energy Systems engineers, designs and produces high-efficiency heat pumps in Switzerland. Its first series the "Nova Air" is a top 3 efficiency certified heat pump on the market. It relies on natural refrigerants and a software platform, that integrates with existing applications.

Regli Energy Systems AG

Regli Energy Systems is a cleantech startup specialised in efficient and sustainable heat pumps. Because building heating accounts for over 40% of Switzerland's energy consumption and about a quarter of its emissions, a revolution in building heating is urgently needed to save the climate.
