

## European Solar and Energy Storage Solutions

# Saint Barthélemy inventus power

## Overview

---

Who is Inventus power?

Inventus Power is the global leader in advanced battery systems. We design and manufacture standard and custom battery packs, chargers and power supplies for global OEMs. Inventus Power is the leading provider of advanced battery systems (battery packs, chargers & power supplies) for global OEMs.

What products does Inventus power offer?

It offers custom and standard battery packs; internal, external, single, and multi-bay chargers and docking stations; and standard Elpac and customized power supplies. The company's products are available through its sales channel. Inventus Power was formerly known as ICCNexergy, Inc. and changed its name to Inventus Power in November 2015.

What is Inventus power's performance series?

Tom Nguyen discusses Inventus Power's expanding portfolio of advanced battery systems and its PROformance Series, a new standard Li-ion battery platform for motive & stationary applications.

Where is Inventus power located?

With multi-country locations across 4 continents and manufacturing facilities in the U.S., Mexico, Brazil, China and Malaysia, we are strategically positioned to support the needs of global brands. From design & engineering to performance testing & mass production, Inventus Power provides accelerated end-to-end solutions.

What is Inventus power's end goal?

Our end goal is to serve the global market with our standard product offering and custom solutions with a focus on safety, quality, service, and performance. Many markets are moving away from the lead-acid or internal combustion engine to lithium-ion battery technology. What are some of the

markets that Inventus Power can now service?
